

# Science Alliance is Looking for

## Freshman and Sophomores Interested in Science and a Career in Research

### Register as a Science Ally

Connects you to a growing community of faculty, staff, grad students, post-docs and undergrads. Keeps you connected to opportunities in science and research on campus.

### Apply for a Science Alliance Internship

- Hourly wages (\$9/hr) for lab research
- Prep for a research career through hands-on experience, seminars, conferences
- Financial Support for travel to present research at science conferences
- Career Counseling

### Join our Peer Mentoring Program

Peer mentoring is all about creating belonging and community for undergraduate researchers! 1st and 2nd years students are paired with Junior/Senior Peer Mentor with at least one year of undergrad research experience.
