**Thursday's session** will focus on foundational restorative community-building practices. This is the equivalent of last year's single session.

**Friday's session** will build on *and require the previous* attendance of a community-building training session; its focus will be on conflict resolution. The learning objectives include understanding restorative justice theory, contextualizing restorative practices, developing practical skills in group conferencing, and practicing skills through hands-on case study.

Breakfast and lunch will be provided on both days.

In support of improving patient care, the University of Iowa Roy J. and Lucille A. Carver College of Medicine is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC) to provide continuing education for the healthcare team.
